# SAFETY DATA SHEET

## 1. Identification

Material name: DYMONIC 100 DARK BRONZE - 30 ctg cs

Material: 965721C323

Recommended use and restriction on use

Recommended use: Sealant Restrictions on use: Not known.

## Manufacturer/Importer/Supplier/Distributor Information

Tremco U.S Sealants 3735 Green Road Beachwood OH 44122 US

Contact person:EH&S DepartmentTelephone:216-292-5000

**Emergency telephone number:** 1-800-424-9300 (US); 1-613-996-6666 (Canada)

# 2. Hazard(s) identification

# **Hazard Classification**

## **Health Hazards**

Respiratory sensitizer Category 1
Skin sensitizer Category 1
Carcinogenicity Category 1A

## **Unknown toxicity - Health**

Acute toxicity, oral 25.19 %
Acute toxicity, dermal 27.84 %
Acute toxicity, inhalation, vapor 99.98 %
Acute toxicity, inhalation, dust or mist 99.26 %

# **Environmental Hazards**

Acute hazards to the aquatic Category 2 environment

# **Unknown toxicity - Environment**

Acute hazards to the aquatic 66.88 % environment

Chronic hazards to the aquatic 100 %

environment

# **Label Elements**

## **Hazard Symbol:**

Revision Date: 10/06/2015

Signal Word: Danger

Hazard Statement: May cause allergy or asthma symptoms or breathing difficulties if inhaled.

May cause an allergic skin reaction.

May cause cancer.
Toxic to aquatic life.

Precautionary Statement: Prevention:

Avoid breathing dust/fume/gas/mist/vapors/spray. [In case of inadequate ventilation] wear respiratory protection. Contaminated work clothing must not be allowed out of the workplace. Wear protective gloves/protective clothing/eye protection/face protection. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required.

**Response:** If inhaled: If breathing is difficult, remove person to fresh air and keep

comfortable for breathing. If experiencing respiratory symptoms: Call a POISON CENTER/doctor. IF ON SKIN: Wash with plenty of water. If skin irritation or rash occurs: Get medical advice/attention. If exposed or

concerned: Get medical advice/attention. Specific treatment (see this label).

Wash contaminated clothing before reuse.

Storage: Store locked up.

**Disposal:** Dispose of contents/container to an appropriate treatment and disposal

facility in accordance with applicable laws and regulations, and product

characteristics at time of disposal.

Other hazards which do not result in GHS classification:

None.

# 3. Composition/information on ingredients

#### **Mixtures**

| Chemical Identity                        | CAS number | Content in percent (%)* |
|--|------------|-------------------------|
| Calcium carbonate                        | 471-34-1   | 15 - 40%                |
| Polyvinyl chloride                       | 9002-86-2  | 7 - 13%                 |
| Calcium Carbonate (Limestone)            | 1317-65-3  | 3 - 7%                  |
| Xylene                                   | 1330-20-7  | 1 - 5%                  |
| Calcium oxide                            | 1305-78-8  | 1 - 5%                  |
| Ethylbenzene                             | 100-41-4   | 0.5 - 1.5%              |
| Isophorone Diisocyanate                  | 4098-71-9  | 0.5 - 1.5%              |
| Hydrotreated heavy naphthenic distillate | 64742-52-5 | 0.1 - 1%                |
| Carbon Black                             | 1333-86-4  | 0.1 - 1%                |
| Iron oxide                               | 1309-37-1  | 0.1 - 1%                |
| Stearic acid                             | 57-11-4    | 0.1 - 1%                |
| Dibutyl tin dilaurate                    | 77-58-7    | 0.1 - 1%                |

<sup>\*</sup> All concentrations are percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.

# 4. First-aid measures

Revision Date: 10/06/2015

Ingestion: Call a POISON CENTER/doctor/.../if you feel unwell. Rinse mouth.

**Inhalation:** Call a physician or poison control center immediately. If breathing stops,

provide artificial respiration. Move to fresh air. If breathing is difficult, give

oxygen.

Skin Contact: If skin irritation occurs: Get medical advice/attention. Destroy or thoroughly

clean contaminated shoes. Immediately remove contaminated clothing and shoes and wash skin with soap and plenty of water. If skin irritation or an

allergic skin reaction develops, get medical attention.

Eye contact: Any material that contacts the eye should be washed out immediately with

water. If easy to do, remove contact lenses. If eye irritation persists: Get

medical advice/attention.

Most important symptoms/effects, acute and delayed

**Symptoms:** May cause skin and eye irritation.

Indication of immediate medical attention and special treatment needed

**Treatment:** Symptoms may be delayed.

5. Fire-fighting measures

**General Fire Hazards:** No unusual fire or explosion hazards noted.

Suitable (and unsuitable) extinguishing media

Suitable extinguishing

media:

Use fire-extinguishing media appropriate for surrounding materials.

Unsuitable extinguishing

media:

Do not use water jet as an extinguisher, as this will spread the fire.

Specific hazards arising from

the chemical:

During fire, gases hazardous to health may be formed.

Special protective equipment and precautions for firefighters

Special fire fighting

procedures:

No data available.

Special protective equipment

for fire-fighters:

Self-contained breathing apparatus and full protective clothing must be

worn in case of fire.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures: Ventilate closed spaces before entering them. Evacuate area. See Section 8 of the SDS for Personal Protective Equipment. Keep upwind. Keep unauthorized personnel away. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing.

Revision Date: 10/06/2015

Methods and material for containment and cleaning up:

Collect spillage in containers, seal securely and deliver for disposal

according to local regulations.

**Notification Procedures:** 

In the event of a spill or accidental release, notify relevant authorities in

accordance with all applicable regulations.

**Environmental Precautions:** Do not contaminate water sources or sewer. Prevent further leakage or

spillage if safe to do so. Avoid release to the environment.

# 7. Handling and storage

**Precautions for safe handling:** Ventilate well, avoid breathing vapors. Use approved respirator if air

contamination is above accepted level. Use mechanical ventilation in case of handling which causes formation of dust. Do not handle until all safety precautions have been read and understood. Obtain special instructions before use. Use personal protective equipment as required. Do not breathe dust/fume/gas/mist/vapors/spray. Avoid contact with eyes, skin, and

clothing. Wash hands thoroughly after handling.

Conditions for safe storage, including any incompatibilities:

Store locked up.

## 8. Exposure controls/personal protection

## **Control Parameters**

**Occupational Exposure Limits** 

| Chemical Identity                              | type         | Exposure Limit Values    | Source  |

# Appropriate Engineering Controls

Mechanical ventilation or local exhaust ventilation may be required. Observe good industrial hygiene practices. Observe occupational exposure limits and minimize the risk of inhalation of dust.

Revision Date: 10/06/2015

## Individual protection measures, such as personal protective equipment

**General information:** Good general ventilation (typically 10 air changes per hour) should be used.

Ventilation rates should be matched to conditions. Supplementary local exhaust ventilation, closed systems, or respiratory and eye protection may be needed in special circumstances, such as poorly ventilated spaces, heating, evaporation of liquids from large surfaces, spraying of mists,

mechanical generation of dusts, drying of solids, etc.

**Eye/face protection:** Wear safety glasses with side shields (or goggles).

**Skin Protection** 

**Hand Protection:** Use suitable protective gloves if risk of skin contact.

Other: Wear suitable protective clothing. Wear chemical-resistant gloves,

footwear, and protective clothing appropriate for the risk of exposure. Contact health and safety professional or manufacturer for specific

information.

**Respiratory Protection:** If engineering controls do not maintain airborne concentrations below

recommended exposure limits (where applicable) or to an acceptable level

(in countries where exposure limits have not been established), an approved respirator must be worn. Air-purifying respirator with an appropriate, government approved (where applicable), air-purifying filter,

cartridge or canister. Contact health and safety professional or

manufacturer for specific information.

Hygiene measures: Observe good industrial hygiene practices. Wash hands before breaks and

immediately after handling the product. Contaminated work clothing should

not be allowed out of the workplace. Avoid contact with skin.

# 9. Physical and chemical properties

**Appearance** 

Physical state:solidForm:PasteColor:Dark brown

Odor: Mild

Odor threshold:

pH:

No data available.

No data available.

Melting point/freezing point:

No data available.

No data available.

No data available.

# 10. Stability and reactivity

Reactivity: No data available.

**Chemical Stability:** Material is stable under normal conditions.

Possibility of hazardous

reactions:

No data available.

**Conditions to avoid:** Avoid heat or contamination.

Incompatible Materials: Alcohols. Amines. Strong acids. Avoid contact with oxidizing agents (e.g.

nitric acid, peroxides and chromates). Strong bases. Water, moisture.

**Hazardous Decomposition** 

Products:

Thermal decomposition or combustion may liberate carbon oxides and

other toxic gases or vapors.

## 11. Toxicological information

## Information on likely routes of exposure

**Ingestion:** May be ingested by accident. Ingestion may cause irritation and malaise.

**Inhalation:** In high concentrations, vapors, fumes or mists may irritate nose, throat and

mucus membranes.

Skin Contact: May be harmful in contact with skin. Causes mild skin irritation. May cause

an allergic skin reaction.

**Eye contact:** Eye contact is possible and should be avoided.

## Information on toxicological effects

#### Acute toxicity (list all possible routes of exposure)

Oral

**Product:** ATEmix: 45,102.78 mg/kg

**Dermal** 

**Product:** ATEmix: 4,870.28 mg/kg

Inhalation

**Product:** No data available.

11/19

Revision Date: 10/06/2015

Repeated dose toxicity

**Product:** No data available.

Skin Corrosion/Irritation

**Product:** No data available.

Serious Eye Damage/Eye Irritation

**Product:** No data available.

Specified substance(s):

Calcium carbonate in vivo (Rabbit, 24 - 72 hrs): Not irritating

Xylene in vivo (Rabbit, 24 hrs): Moderately irritating

Calcium oxide in vivo (Rabbit, 1 hrs): Irritating

Ethylbenzene Irritating

Isophorone in vivo (Rabbit, 24 - 72 hrs): Category 1

Diisocyanate

Carbon Black

Hydrotreated heavy

naphthenic distillate

in vivo (Rabbit, 24 hrs): Not irritating

in vivo (Rabbit, 24 - 72 hrs): Not irritating

Iron oxide in vivo (Rabbit, 1 - 72 hrs): Not irritating

Stearic acid in vivo (Rabbit, 27 - 72 hrs): Not irritating

Dibutyl tin dilaurate in vivo (Rabbit, 24 hrs): Highly irritating

Respiratory or Skin Sensitization

**Product:** May cause allergy or asthma symptoms or breathing difficulties if inhaled.

May cause sensitization by inhalation.

Carcinogenicity

**Product:** No data available.

Revision Date: 10/06/2015

## IARC Monographs on the Evaluation of Carcinogenic Risks to Humans:

Ethylbenzene Overall evaluation: Possibly carcinogenic to humans.

Hydrotreated heavy Overall evaluation: Not classifiable as to carcinogenicity to humans. Overall

naphthenic distillate evaluation: Carcinogenic to humans.

Carbon Black Overall evaluation: Possibly carcinogenic to humans.

## **US. National Toxicology Program (NTP) Report on Carcinogens:**

Hydrotreated heavy Known To Be Human Carcinogen.

naphthenic distillate

#### SARA 311/312 Hazardous Chemical

| <b>Chemical Identity</b> | <b>Threshold Planning Quantity</b> |
|--------------------------|------------------------------------|
| Isophorone Diisocyanate  | 500lbs                             |
| Calcium carbonate        | 500 lbs                            |
| Polyvinyl chloride       | 500 lbs                            |
| Calcium Carbonate        | 500 lbs                            |
| (Limestone)              |                                    |
| Xylene                   | 500 lbs                            |
| Calcium oxide            | 500 lbs                            |
| Ethylbenzene             | 500 lbs                            |
| Hydrotreated heavy       | 500 lbs                            |
| naphthenic distillate    |                                    |
| Carbon Black             | 500 lbs                            |
| Iron oxide               | 500 lbs                            |
| Stearic acid             | 500 lbs                            |
| Dibutyl tin dilaurate    | 500 lbs                            |

# SARA 313 (TRI Reporting)

# **Chemical Identity**

Xylene

Ethylbenzene

## Clean Water Act Section 311 Hazardous Substances (40 CFR 117.3)

None present or none present in regulated quantities.

# Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130):

None present or none present in regulated quantities.

## **US State Regulations**

## **US. California Proposition 65**

This product contains chemical(s) known to the State of California to cause cancer and/or to cause birth defects or other reproductive harm.

## US. New Jersey Worker and Community Right-to-Know Act

# **Chemical Identity**

Calcium carbonate

Polyvinyl chloride

Calcium Carbonate (Limestone)

**Xylene** 

Calcium oxide

Ethylbenzene

Hydrotreated heavy naphthenic distillate

Carbon Black

## **US. Massachusetts RTK - Substance List**

# **Chemical Identity**

Calcium carbonate

Calcium Carbonate (Limestone)

Xylene

Calcium oxide

Isophorone Diisocyanate

Crystalline Silica (Quartz)/ Silica Sand

Dioctyl phthalate

Revision Date: 10/06/2015

#### US. Pennsylvania RTK - Hazardous Substances

## **Chemical Identity**

Calcium carbonate
Calcium Carbonate (Limestone)
Xylene
Calcium oxide
Diisodecyl phthalate

## **US. Rhode Island RTK**

## **Chemical Identity**

Xylene

Diisodecyl phthalate

## Other Regulations:

Regulatory VOC (less water

40 g/l

and exempt solvent):

VOC Method 310:

2.99 %

## **Inventory Status:**

Australia AICS: One or more components in this product are

not listed on or exempt from the Inventory.

Canada DSL Inventory List: All components in this product are listed on or

exempt from the Inventory.

EINECS, ELINCS or NLP: One or more components in this product are

not listed on or exempt from the Inventory.

Japan (ENCS) List: One or more components in this product are

not listed on or exempt from the Inventory.

China Inv. Existing Chemical Substances:

One or more components in this product are

not listed on or exempt from the Inventory.

Korea Existing Chemicals Inv. (KECI): One or more components in this product are

not listed on or exempt from the Inventory.

Canada NDSL Inventory:

One or more components in this product are

not listed on or exempt from the Inventory.

Philippines PICCS: One or more components in this product are

not listed on or exempt from the Inventory.

US TSCA Inventory:

All components in this product are listed on or

exempt from the Inventory.

New Zealand Inventory of Chemicals:

One or more components in this product are

not listed on or exempt from the Inventory.

Japan ISHL Listing:

One or more components in this product are

Revision Date: 10/06/2015

not listed on or exempt from the Inventory.

Japan Pharmacopoeia Listing:

One or more components in this product are not listed on or exempt from the Inventory.
